Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Please continue to require qualified, licensed teachers for dyslexic students in Texas public schools. Reading is the key to success in all aspects of education. It would fail to meet the needs of these students not to provide them with what the need to be successful. As a teacher of 23 years and the grandmother of a dyslexic child, I urge you to continue to provide this vital service.

Any Alternative or New Recommendations on This Agency: Instead of cutting this program, perhaps the state should spend less money on state testing.

My Comment Will Be Made Public: I agree
