Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Our society need the doctors, therapists and counselors to help those who are suffering with mental health issues. These group of people have been well trained in this area unlike social workers where they assist only in resources to start over in life. Therapists, counselors are trained to help the individual to deal with tragedy, PTSD, Chemical Dependency, depression, suicide, homicidal thoughts just to name a few.

Any Alternative or New Recommendations on This Agency: Under the state board the TAMFT and LMFT should be kept in their own entity.

My Comment Will Be Made Public: I agree
