State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I do not support deregulation of radiologic technologist certification. This is too large of a risk to take with human life. Anyone that has not been trained well should not be put in a position to hurt someone that doesn't have proper training.

Any Alternative or New Recommendations on This Agency: I believe that any radiologist should have at least two years of training before they are allowed to work in this field and should continue their education to at least a Bachelor's degree.

My Comment Will Be Made Public: I agree
