Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I support Texas Hope Literacy and their outreach to troubled people with dyslexia and who struggle with the disease of addiction. I have been through this program and it helps!! People who suffer from dyslexia often end up going to prison. We need people specializing like Ms. Lucy Smith, the founder of Hope Literacy, who passionately seek to help people with this disorder. To help them. These people helped me change my life and I have witnessed them help so many others as well!

Any Alternative or New Recommendations on This Agency: Please do not abolish the licensure for dyslexia therapists and practitioners!!! Being able to read and write is important! We must be able to do function in society and everyday life! Without someone who specializes in helping people learn how to be productive and conquer this disorder, there isn't much they can do.

My Comment Will Be Made Public: I agree
