Your Comments About the Staff Report, Including Recommendations Supported or Opposed: DSHS is the best place for midwifery review. I feel that this move will threaten the integrity of the roots of midwifery care. We need midwifery care more than ever right now and this move will not be a positive change for our future. I have seen many families supported by holistic midwifery care in the state of Texas and have seen the positive impact whole family care has on the future of Texas families. As a future midwife I don't support the move to a different way of review for Midwives in Texas.

Any Alternative or New Recommendations on This Agency: Thank you for your time, I look forward to hearing that DSHS will still be the governing board for midwives in Texas.

My Comment Will Be Made Public: I agree
