Subject: Form submission from: Public Input Form for Agencies Under Review (Public/After Publication)

Submitted on Thursday, June 19, 2014 - 14:51

Agency: DEPARTMENT STATE HEALTH SERVICES DSHS

First Name: Patricia

Last Name: Cartwright, RT(R), MRT, ARRT

Title: Manager of Student Health Radiology

Organization you are affiliated with: TSRT

City: Lubbock

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

This is concerning the discontinuance of the Medical Radiologic Technologist Licensure Program and repeal of licensure standards in Texas.

1. Licensure for radiologic technologists ensures that patients are being treated by individuals who have met education and certification standards.
2. Licensed radiologic technologists lower patient exposure to ionizing radiation, a known carcinogen, by optimizing technique for medical imaging and treating cancers and other illnesses. Unlicensed personnel do not understand how to minimize exposure while achieving quality images or effective treatments.
3. Licensure for radiologic technologists preserves the state's right to penalize individuals who may not treat patients according to professional standards or administer radiation correctly. Without licensure, the state cannot protect its citizens from untrained individuals.

Any Alternative or New Recommendations on This Agency:

We need to preserve R.T. licensure in Texas.

My Comment Will Be Made Public: I agree
