Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I am opposed to abolishing licensure for dyslexia therapists and practitioners. I have just completed 80 hours of training, 5 recorded - 60 minute demonstration lessons, and 700+ clinical hours working with students. I am currently studying for the CALP that I will pay for and take this summer. All this additional training to learn how teach Using the MTA curriculum and work with dyslexic students has been intensive and highly relevant. This specialty is worth recognizing through lisensure and demonstrates the high quality of the instructors that teach our students.

Any Alternative or New Recommendations on This Agency: I do not have any formal recommendations, however I do support some form certification to document professional training.

My Comment Will Be Made Public: I agree
