State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or
Opposed:

I am writing in response to a proposal to allow respiratory therapist technicians to work in Texas hospitals without a license for such work.

As a senior citizen and Texas taxpayer, it concerns me greatly that I could be entrusted to the care of some of these people who may not have the training to operate some of the sensitive and complicated equipment required in their field. There is also the matter of lower requirements allowing techs of questionable background.

Of course the purpose of the license is to vouch for the fact that they have had this training and that they really qualify to administer this life and death medical care.

I urge you to let this licensing procedure remain in effect.

Respectfully,

Lee Cutshaver

Navasota, Texas

Any Alternative or New Recommendations on This Agency: None

My Comment Will Be Made Public: I agree
