Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Please continue licensure for Dyslexia Therapists. It is with a sense of pride that I display my license. Students with dyslexia need to be taught by someone who worked with students and went to class to earn the many hours required to be a language therapist and qualify for this certification.

Parents, looking for someone to help their child, will spend lots of money to have their student tutored; and not necessarily by someone with this certification. This license lets them know that their child is being helped by someone who understands why their child is having trouble and knows how to help them.

Any Alternative or New Recommendations on This Agency: Please continue to license Dyslexia Therapists.

My Comment Will Be Made Public: I agree
