Subject: Form submission from: Public Input Form for Agencies Under Review (Public/After Publication)

Submitted on Sunday, June 15, 2014 - 12:23

Agency: DEPARTMENT STATE HEALTH SERVICES DSHS

First Name: Carol

Last Name: Dungan

Title: Radiologic Technologist, Radiation Therapist, Medical Dosimetrist

Organization you are affiliated with: Del Sol/Las Palmas Healthcare System (Hospital Corporation of America)

City: El Paso

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Discontinuance of the Medical Radiologic Technologist Licensure Program and repeal of licensure standards is a step backwards for the state of Texas. This program and the licensure standards ensure those who x-ray patients, perform nuclear medicine studies, and provide radiation therapy to cancer patients have the education plus the continuing education to do so effectively and correctly. If licensure stops in the state of Texas, there is no protection for the public from unlicensed individuals being able to deliver radiation in medical facilities throughout the state.

Any Alternative or New Recommendations on This Agency: Continue the Medical Radiologic Technologist Licensure Program in Texas for the protection of the citizens of Texas receiving x-rays, nuclear medicine studies, and radiation therapy for cancer treatment.

My Comment Will Be Made Public: I agree
