City: Fort Worth

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I am opposed to abolishing licensure for dyslexia therapists and practitioners. It would be a great disservice to those who have worked diligently to obtain this accreditation and an even greater disservice to students who we serve. Unlike other well-meaning teachers in education, the specialization that we have worked so hard to achieve has resulted in positive outcomes in relation to students self-esteem, academic skills and reading ability. The need for those who are trained and qualified to provide these services are evident. Without individuals who are certified, students, families and educational entities will ultimately suffer.

Any Alternative or New Recommendations on This Agency: Please keep the licensure for dyslexia therapists and practitioners.

My Comment Will Be Made Public: I agree
