Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Please do not deregulate medical health professions in Texas. We need the oversight that the state agencies provide to make sure our x-ray technicians, medical physicists, and respiratory therapists are trained and capable for caring for our population. Deregulation leaves large holes that untrained and unqualified individuals can slip through and then provide poor care for the very people that need us to be looking out for them the most.

Any Alternative or New Recommendations on This Agency: We need to keep medical agency oversight of medical professionals in Texas.
