Subject: Form submission from: Public Input Form for Agencies Under Review (Public/After Publication)

Submitted on Sunday, June 22, 2014 - 09:06

Agency: DEPARTMENT STATE HEALTH SERVICES DSHS

First Name: Ivonne

Last Name: Garcia

Title: Radiologic Technologist

Organization you are affiliated with: Parkland Health and Hospital Systems

City: Dallas

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: My main concern is for the safety and well being of the patients that may be served by a unlicensed staff if medical radiologic imaging is unregulated in Texas. If the equipment is heavily regulated and monitored for safety and equipment government standards because it emits radiation, then it makes no sense to have an operator that is not licensed and/or registered with the state of Texas. Registrations with the state of Texas is a method of building in accountability, otherwise a person can travel from state to state and not face any scrutiny for any potential harm.

Any Alternative or New Recommendations on This Agency: I think there should be budget review to see if their is any way to save money in the agency itself.

My Comment Will Be Made Public: I agree
