Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I have been a licensed social worker since 1980 and I am writing to oppose Recommendation 3.2. Social workers, counselors and other mental health professionals provide services to clients who are often in vulnerable circumstances. These professionals are and should continue to be held to high professional standards and ethical practices. Our licensing board must be maintained in order to ensure that the current level of professional standards and ethical practices are upheld.

Any Alternative or New Recommendations on This Agency: Maintain the current licensing board.
