Your Comments About the Staff Report, Including Recommendations Supported or Opposed: The training that I received in order to become a CALT and LDT was essential for me to learn the best practices to teach my students. The certifications hold educators to a high standard and ensure that our students are receiving the quality intervention that they deserve. These certifications inspire educators to learn more, challenge themselves, and become better teachers. Also, they lend credibility and professionalism to our careers.

Any Alternative or New Recommendations on This Agency: No, I strongly oppose abolishing the licensing of dyslexia teachers in the state of Texas. I feel that it is important for professional accountability that this program continue.

My Comment Will Be Made Public: I agree
