Your Comments About the Staff Report, Including Recommendations Supported or Opposed: In my opinion, I see no need for midwives to be under review for moving boards. They are not doctors or registered nurses. So they should not be treated as such. The board they are currently on maintains a high standard and has allowed many women to have healthy pre-natal care and safe deliveries, including myself. My midwife did a fantastic job and I am thankful for the board that she is under to help facilitate her duty.

Any Alternative or New Recommendations on This Agency: NA.
