Submitted on Tuesday, June 24, 2014 - 18:44

Agency: DEPARTMENT STATE HEALTH SERVICES DSHS

First Name: Art

Last Name: Hall

Title:

Organization you are affiliated with:

City: Spring

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: MRT Board for the State of Texas needs to stay intact to help protect the public from harmful effects of poorly trained individual administering radiation to the public. All of the National groups are in support of lower radiation doses and this is achieved by having highly qualified technologist performing diagnostic and therapeutic procedures that use ionizing radiation. Please consider maintaining the MRT licensing procedure.

Any Alternative or New Recommendations on This Agency: Yes maintain the current requirements for Licensure to insure a well trained and educated Medical Radiological Technologist group in Texas. DO NOT SUNSET THE MRT IN TEXAS!

My Comment Will Be Made Public: I agree
