Your Comments About the Staff Report, Including Recommendations Supported or Opposed: The offender education instructors are educated and dedicated to what they do. They have spent their own money for training and supplies which is not cheap they are required to attend training workshops to keep their license. These workshops also cost money and there are travel expenses involved. None of the instructors were informed of this recommendation. By discontinuing these classes you are effectively putting these people out of business with no chance to recoup the money they have spent to create their businesses

Any Alternative or New Recommendations on This Agency: Don't discontinue the offender education classes
