Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Please keep existing mold regulations for mold assessment contractors & mold remediation contractors in place. Consumers need a reliable source of vetted contractors to handle mold issues as there are too many unscrupulous contractors & consultants already out there trying to make a quick buck off of naive homeowners and naive commercial business owners who may be convinced they are going to die because there is a little bit of mold on their cheese in the refrigerator. In the long run, it will cost the taxpayer more if we let unscrupulous contractors set the rules for mold assessment & remediation.

Any Alternative or New Recommendations on This Agency: No new recommendations.

My Comment Will Be Made Public: I agree
