Agency: DEPARTMENT STATE HEALTH SERVICES DSHS

First Name: stacey

Last Name: hooten-haynes

Title: rcp

Organization you are affiliated with: methodist healthcare

City: san antonio

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: As a current licensed RCP in the state of TX speaking for myself and many other of my personal coworkers including nursing staff, physicians, radiology techs, pharmacy techs; we agree that there is very high risk for lawsuits to say the least for deregulation in TX. Majority of us are parents, wives, husbands, some single parent households and the list continues.

Speaking with my coworkers in other areas of the hospital there seems to be no cost benefits of deregulation due to the extended specialized training that will need to be provided to individuals seeking jobs as RCP's if us current ones were de-licensed. Please take into consideration whereas at first it may seem logical and cost effective for the state, at that same token, the lawsuits, the dissatisfaction of patients, patient families, nurses, doctors, etc. will prove itself to not benefit anyone or any organization.

Any Alternative or New Recommendations on This Agency: DON'T DEREGULATE IN TEXAS!!!! THE LAWSUITS ALONE PROVE TO BE NON BENEFICIAL FOR THIS BILL TO BE PASSED MAKES NO LOGICAL SENSE!!!!

My Comment Will Be Made Public: I agree
