Your Comments About the Staff Report, Including Recommendations Supported or
Opposed:

After reading the report and the recommendation for ending the Youth Camp Advisory Committee I felt the need to write on this topic.

As a professional who has spent a great deal of time working in this industry I have always appreciated the amount of communication between camps and the agency that handles licensing.

If this committee is to come to an end we will loose our ONLY two sided conversation and fair representation in this process.

Over the years this committee has worked hard to ensure that the laws that have been put into place have been fair and represent the many varieties of camps in our state.

I urge the committee to keep this panel as it is a great example of the state and the private sector working together.

Any Alternative or New Recommendations on This Agency: I recommend keeping this committee.
