Your Comments About the Staff Report, Including Recommendations Supported or Opposed: A year this past May I delivered my daughter at a birth center with 2 incredible midwives attending. My whole prenatal care was exceptional. They take so much extra time to care for not only my physical needs but also my emotional and spiritual needs. My birth couldn't have been any better, and I was so thankful to have licensed midwives take care of my family. I plan on having all my future children the same exact way.

Any Alternative or New Recommendations on This Agency: Midwives are such a wonderful asset to the medical field. This option should never taken away from mothers who want a natural birth away from hospitals.
