Subject: Form submission from: Public Input Form for Agencies Under Review (Public/After Publication)

Submitted on Thursday, June 19, 2014 - 15:28

Agency: DEPARTMENT STATE HEALTH SERVICES DSHS

First Name: Brenda

Last Name: Klein

Title: LMRT

Organization you are affiliated with: TSRT

City: Driftwood

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I believe that there should be Licensure for all radiologic technicians because they are educated in how to safely administer nuclear med radiation and produce xrays while insuring the patients the lowest dose possible of radiation. I my self have worked with non certified x-ray techs and have been horrified at the amount of radiation a patient can get from some one with little education and training. Licencsure also preserves the States rights to penalize an individual that is not in compliance.

Any Alternative or New Recommendations on This Agency: I would keep Licensure in Texas for all radiologic technologists and end the program for non certified technicians completely. I feel they are a danger to patients and do not have the required education and training to do their job safely.

My Comment Will Be Made Public: I agree
