Agency: DEPARTMENT STATE HEALTH SERVICES DSHS

First Name: Rebecca

Last Name: Lopez

Title: Taking Care of the People - End Recommendation 3.2

Organization you are affiliated with: LMFT

City: Houston

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I am in great opposition to Recommendation 3.2 to group a State Board of Examiners and create a Board of Advisory to oversee multiple disciplines. This is ridiculous. As a master's student who is attempting to obtain her Licensure for LMFT, it is highly important that we who provide care and interaction for the public's health be guided by individuals who are licensed professionals. Individuals who know what they are doing and who ensure of proper training and the highest professional standards. To take that away and place them in a more "generalized" advisory board is to harm the people of Texas. Is this really what we have come to?

Any Alternative or New Recommendations on This Agency: I believe in providing the best care to the people of Texas, that Recommendation 3.2 be stopped immediately!

My Comment Will Be Made Public: I agree
