Agency: DEPARTMENT STATE HEALTH SERVICES DSHS

First Name: Manoochehr

Last Name: Parham

Title: RT(R) ARRT

Organization you are affiliated with: TSRT

City: Abilene

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or
Opposed:

I oppose the discontinuance of the MRT Licensure Program. I have worked as a Licensed Radiologic Technologist for 22 years and I am outraged that you would consider putting me and my Family at risk with your proposal.

Licensure for Radiologic Technologists ensures that patients are being treated by individuals who have met education and certification standards.

Licensed Radiologic Technologists lower patient exposure to ionizing radiation, a known carcinogen, by optimizing technique for medical imaging and treating cancers and other illnesses. Unlicensed personnel do not understand how to minimize exposure while achieving quality images or effective treatments.

Licensure for Radiologic Technologists preserves the State's right to penalize individuals who may not treat patients according to professional standards or administer radiation correctly. Without licensure, the State cannot protect its citizens from untrained individuals.

Any Alternative or New Recommendations on This Agency: Do not discontinue licensure for any Health Care Professional.

My Comment Will Be Made Public: I agree
