Your Comments About the Staff Report, Including Recommendations Supported or Opposed: We oppose simply for the same reason everyone else does. We worked hard on educating ourselves and meeting the standard that this industry has required. With doors being opened to just anyone or anybody, the removal of TMARR will cause a disaster through out the industry.

Any Alternative or New Recommendations on This Agency: This needs to remain the same and education and licensing should be required.

My Comment Will Be Made Public: I agree
