Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I oppose taking away our licensure ! We are professionals and have been trained in proper use of using X-ray equipment and exposure to patients. Our hard work and dedication is not taken lightly, we are proud of our profession, and to take away this licensure is a slap in the face, and essentially let any one off the street to take x-rays at potential risk to the public. Please keep our licensure in place

Any Alternative or New Recommendations on This Agency:  
I have none
