Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

I learnt that The Sunset Commission in Texas has recommended that the Texas Department of State Health Services (TDSHS) mold licensing program for mold assessors, remediators, and laboratories, be discontinued.

I am of conviction that the licensing is a good thing, any unregulated discipline is not good for both the public and the professionals.

I do not know the basis of this decision, but I think is a bad reversal. I and my firm is not yet registered, but we intend to.

Any Alternative or New Recommendations on This Agency: Whatever might be down side, loopholes be blocked and regulation(s) strengthened.

My Comment Will Be Made Public: I agree
