Agency: DEPARTMENT STATE HEALTH SERVICES DSHS

First Name: Kelli

Last Name: Posey

Title: Medical Sales Account Rep

Organization you are affiliated with:

City: Austin

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

OPPOSED. This is absolutely asinine to even consider de-licensing personel in charge of your direct medical care. Do you not think we already deal with enough twisted people that de-licensing would result in anything less than increased law suits and harm? Without licensing and standards how do we hold people accountable to their jobs and why the hell would I support that considering you might be taking care of my precious family members?

Also, it is a complete slap in the face to my fellow healthcare workers who have sought degrees and licensing in these fields. This would drive these people out of the state and unlicensed and likely unqualified personel in. How does that sound like a healthy situation?

For the price I pay to live in the state of Texas and be covered by health insurance, I will NOT accept or support the idea of de-licensing.

Any Alternative or New Recommendations on This Agency: Yes, do NOT decliscense any current healthcare workers.

My Comment Will Be Made Public: I agree
