Agency: DEPARTMENT STATE HEALTH SERVICES DSHS

First Name: Alfred

Last Name: Prentice

Title: RCP

Organization you are affiliated with: Respiratory Care

City: Fort Worth

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I do not think you guys understand exactly what Respiratory does. We are credentialed by the nbrc but it is the state that actually monitors respiratory. We are very vital to the health care team. We not only give neb treatments but we handle life saving equipment such as vents and bipaps. Just think if you had a loved one who was sick and on a ventilator would you want an unlicensed person handling your family member ventilator. With out licensure there won't be anyone to make sure the person taking care of your loved ones vent is properly trained to do so.

Any Alternative or New Recommendations on This Agency: Do not de license Respiratory

My Comment Will Be Made Public: I agree
