Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I do not agree with changing the licensing standards for Texas. We need to maintain the license standards that are currently in place. The standards of patient care and ability to knowing all the information you should to do your job as a radiographer can only be met and kept at a high standard with having licenses.

Any Alternative or New Recommendations on This Agency: Keep the license standards that are in place the same for Texas professions.

My Comment Will Be Made Public: I agree
