Your Comments About the Staff Report, Including Recommendations Supported or Opposed: The Code Enforcement Officer program is critical to the safety and wellbeing of all Texans. Code inspectors keep Texans safe by enforcing laws designed to eliminate public nuisances. De-regulating this program will endanger lives because the officers will not receive the proper training needed to effectively do their jobs. Code Inspectors rely on their training.

An improperly trained inspector is a liability and it endangers lives.

This program must not become unregulated. The safety and wellbeing of all Texans will be at risk.

Any Alternative or New Recommendations on This Agency: The program must continue to be regulated by the State.

My Comment Will Be Made Public: I agree
