Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

Opposed to deregulation of RCP's in Texas. I am a Neonatal Respiratory Care Practitioner, RRT, NPS, with NRP and PALS. I can assure you, not even our neonatal nurses can do what we are trained to do in the NICU when involving ventilation of our neonates, set up and application of inhaled Nitric, just to mention a minute insight to the scope of our practice. I can also assure you that having persons not properly educated and trained in the field of cardiopulmonary care, can and will have dire consequences on patient care!

Any Alternative or New Recommendations on This Agency: Why were none of us given ample notice of this committees intention prior to the hearings?

My Comment Will Be Made Public: I agree
