Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

I oppose the idea to sunset the Medical Radiologic Technology Licensing Board so that professional standards are maintained for the radiologic technology fields.

Professional licensure also means that the State can capture funds for those required to renew licensure every two years.

Any Alternative or New Recommendations on This Agency: Please consider increasing the fees of the MRT license so that this department remains valuable for maintaining high standards for the radiologic sciences and viable for protecting the integrity of this profession.

My Comment Will Be Made Public: I agree
