Subject: Form submission from: Public Input Form for Agencies Under Review (Public/After Publication)

Submitted on Saturday, June 28, 2014 - 07:36

Agency: DEPARTMENT STATE HEALTH SERVICES DSHS

First Name: Victor

Last Name: Ruiz

Title: How is a profession dedicated to something as important as breathing not worthy of being part of DSHS

Organization you are affiliated with: US Army Retired

City: San antonio

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or

Opposed: I do believe that there are professions in the medical field that become obsolete, unnecessary or simplified. I will never understand how Respiratory Therapy, the career and medical profession dedicated to something as important and necessary as breathing and quality of respiratory health, ended up on a list of medical professions to be de-regulated. I truly hope that if duty, cost/benefit analysis and debate fail...then common sense will not.

Any Alternative or New Recommendations on This Agency: Leave Respiratory Therapy be as one of the regulated professions in the Texas Department of State Health Services.

My Comment Will Be Made Public: I agree
