Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I oppose the recommendation to delete the perfusion licensure in Texas because it will diminish the professional nature of the job. Licensure prevents individuals who do not complete the higher educational requirements from practicing. Additionally, licensure assures compliance with continuing education ensuring proficiency and quality work. The national certification agency is a private entity whose goal is more membership driven.

Any Alternative or New Recommendations on This Agency: KEEP PERFUSION LICENSE.

My Comment Will Be Made Public: I agree
