Subject: Form submission from: Public Input Form for Agencies Under Review (Public/After Publication)

Submitted on Monday, June 23, 2014 - 16:26

Agency: DEPARTMENT STATE HEALTH SERVICES DSHS

First Name: Sampath

Last Name: Sengaiya

Title: Nuclear Medicine Technologist

Organization you are affiliated with: ARRT

City: Cedar Hill

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

Licensure for radiologic technologists ensures that patients are being treated by individuals who have met education and certification standards.

Licensed radiologic technologists lower patient exposure to ionizing radiation, a known carcinogen, by optimizing technique for medical imaging and treating cancers and other illnesses. Unlicensed personnel do not understand how to minimize exposure while achieving quality images or effective treatments.

Licensure for radiologic technologists preserves the state's right to penalize individuals who may not treat patients according to professional standards or administer radiation correctly. Without licensure, the state cannot protect its citizens from untrained individuals.

Any Alternative or New Recommendations on This Agency: At the least keep the Licensure requirement for the radiologic technologist a mandatory.

My Comment Will Be Made Public: I agree
