State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Elimination of the Youth Camp Advisory Committee would be detrimental to the safety and health of the thousands of youth and adults who attend youth camps in Texas. While it may make more sense that this committee is not mandated by statute, it is extremely important that the Department of State Health Services continue to have input from professionals in youth camping, parents, and representatives of agencies who sponsor camps.

Any Alternative or New Recommendations on This Agency: If the Youth Camp Advisory Committee is eliminated in the statute, the DSHS should continue to provide for such a committee, as it is now a functional, important group that is helping to protect our youth who are attending camps in Texas.

My Comment Will Be Made Public: I agree
