Subject: Form submission from: Public Input Form for Agencies Under Review (Public/After Publication)

Submitted on Thursday, June 5, 2014 - 14:54

Agency: DEPARTMENT STATE HEALTH SERVICES DSHS

First Name: Bernadette

Last Name: Smith

Title: Licensed Professional Counselor

Organization you are affiliated with:

City: Houston

State: Texas

Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

First, I it is vital to consult with Texas Counseling Association and other professional organizations that represent the licenses in question before making a decision that has the potential for dire ramifications for our fields and more importantly for the public.

With that being said, I oppose the recommendation 3.2 to transfer the Texas State Board of Examiners to the Texas Department of Licensing and Regulation and to reconstitute the this board as an advisory committee.

This is a dangerous move because licensed mental health professionals such as Licensed Professional Counselors, Licensed Marriage & Family Therapist, and Licensed Clinical Social Workers are required to have a minimum of a Master's degree, a lengthy supervised internship and continuing education to maintain the safety of the public we serve. We all have ethical standards and guidelines to follow and the Texas State Board of Examiners is essential in maintaining the quality of our fields. They assure that those holding such licenses follow the ethical standards and issue consequences in cases where they are not. By making the board an advisory committee, you will remove their authority to uphold our standards and assure that the public receives ethical and quality service. In doing so, the potential for diminished quality of care is great.

The people with the licenses in question often work side by side with Medical doctors and psychologists. We are responsible for the assessment of clinical symptomology and to make professional judgment calls in the midst of crisis situations. It is extremely dangerous to risk the decline in standards set by our board.

Any Alternative or New Recommendations on This Agency: My recommendation is to not make any changes to our

board.

My Comment Will Be Made Public: I agree
