Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I am opposed to abolishing the Texas state licensure for dyslexia therapists. In abolishing this licensure we will be losing ground in advocating for students with dyslexia. CALTs deserve the recognition for the level of training they have received. Furthermore, you will be implying that individuals with dyslexia are not important enough to be recognized. Dyslexia is the number one reading disability. These individuals and those who teach them should be acknowledged.

Any Alternative or New Recommendations on This Agency: Encourage the support of the state licensure for CALT's. As a result, you will give CALTs the ability to advocate and support dyslexic individuals across the state of Texas.

My Comment Will Be Made Public: I agree
