Your Comments About the Staff Report, Including Recommendations Supported or Opposed:

Dear Sunset Commission Members,

For the 19 years that I have been involved in the field of dyslexia in the State of Texas in both the public and private sector I have seen many individuals that see the field of dyslexia as a money making machine. Many of these individuals are not qualified and do more damage to dyslexic individuals than help them. Having licensure for dyslexia therapists and practitioners eliminates unqualified individuals taking advantage of dyslexics and their family members. Please be an advocate for all dyslexics in the State of Texas and insure that only qualified individuals work with dyslexic individuals. Keeping licensure for dyslexia therapists and practitioners will accomplish that goal.

Thank you for your time regarding this important matter, Beulah Marie stobaugh

Any Alternative or New Recommendations on This Agency: Please keep licensure for dyslexia therapists and practioners in the State of Texas.
