Your Comments About the Staff Report, Including Recommendations Supported or Opposed: Without licensed code officers you will leave municipalities open to liability issues because employees will not be properly trained on local and state laws. Those that do not take the currently required training courses will not understand the liability, due process and other legality issues that can arise in our daily duties. The code officer training is also how we learn of the legislative updates to stay current within our codes.

Any Alternative or New Recommendations on This Agency: Change the registration to every three years instead of every two years.
