Your Comments About the Staff Report, Including Recommendations Supported or Opposed: It has come to my attention that licensing for mold consultants, laboratories, and remediation companies is recommended to be allowed to expire. Inasmuch as the rationale for this licensing was to protect the consumer from unscrupulous vendors and consultants, this expiration is deemed very imprudent and our company opposes a lack of regulation for mold review and remediation.

Any Alternative or New Recommendations on This Agency: None. Licensing and Education is deemed the most prudent method of control.

My Comment Will Be Made Public: I agree
