Your Comments About the Staff Report, Including Recommendations Supported or Opposed: I believe it would be a great safety concern if you were to deregulate respiratory therapist and radiology technicians because as a nurse I want someone who will be able to help me take care of my patients to their greatest ability. If you deregulate them patient care can suffer and ultimately put higher cost for patient care in the long run because they are not as versed as certified people to care for patients.

Any Alternative or New Recommendations on This Agency: I have no alternatives or recommendations at this time.

My Comment Will Be Made Public: I agree
